

## Plumbing and Domestic Heating Apprenticeship (4 year)

### Course Overview

This apprenticeship is designed by employers in the plumbing and heating industry and aims to provide you with the skills and knowledge to be able to work on both basic and advanced Plumbing and Heating systems. Your apprenticeship in this area will include a test that will assess the knowledge and practical skills you will have acquired throughout the apprenticeship. On successful completion of the apprenticeship and assessment, you will be able to be on the Gas Safe register, Water Register, and the G3 Unvented Hot Water Competent Person schemes. An apprenticeship is a job with training. You will be employed at least 30 hours a week, with 80% of your working hours in your day-to-day role, and the remaining 20% of your time engaged in training or study. By enquiring about this apprenticeship you are not applying for a specific role. For current vacancies please take a look at the apprenticeship vacancies page.

### Entry Requirements

To apply for this apprenticeship it is desirable you have achieved a grade 9-4 (A\*- C) in GCSE maths and English and you must be employed in the industry.
