

Understanding Autism Certificate level 3

Course Overview

This level 3 course is ideal if you wish to develop a detailed knowledge and understanding of autism, which could then support your progression into employment in the health and social care or education sector.
 Autism affects people of all ages and while it is incurable, the right support at the right time can make an enormous difference to people's lives. Whether you are looking to progress your career or have a family member, friend or colleague with autism, this qualification will provide you with a full spectrum understanding no matter where you decide to go to next.

What you will learn

The course is made up of the following units:
 1. Autism in context
 2. Positive behavioural support for individuals for autism
 3. Understanding support and management of transitions for individuals with autism
 4. Therapeutic interventions and support for individuals with autism and co-occurring conditions
 5. Communication and social interaction with individuals with autism
 6. Safeguarding and resilience in autism

Course Fees

If this is your first Level 3 qualification you will be eligible for funding. If this is not the case the cost is £449.

Course Progression

We have a wide range of Health and Social Care and Childcare courses available at Leicester College. You might look at an Apprenticeship or Access to HE. The qualification may also help you in your career progression or even inspire you for a change in direction. Please contact our Careers Team if you would like information and guidance on next steps.
