

## Allergy Awareness TQUK Certificate level 2

### Course Overview

Ready to enhance your career while studying at your own pace? This distance learning course is designed for busy professionals like you. With the flexibility to study online at your convenience, you can balance your learning around your existing commitments. While there are submission dates, they can be adjusted to fit your schedule, giving you the freedom to learn on your terms. And the best part? Enrollment is open every day, so you can start immediately—no need to wait for a specific start date. This course is tailored for those working with children, offering a fantastic opportunity to upskill, gain a new qualification, and refresh your knowledge. It's a great way to update your CV and stand out in your field. Here's what you'll master: Allergens, Allergies, and Intolerances: Learn the essential facts about different types of allergens, allergies, and food intolerances, ensuring you're equipped to handle any situation. Food Labeling and Packaging: Get a deep understanding of food labeling and packaging regulations so you can stay compliant and informed. Recognising and Responding to Reactions: Gain the confidence to recognise and react appropriately to allergic reactions, ensuring you're always prepared. First Aid: Learn crucial first aid techniques for handling allergic reactions in emergency situations. This is the perfect course for anyone working in a child-related field, looking to boost their expertise and qualifications. Don't miss out on this incredible learning opportunity that can open new doors for your career.

### What you will learn

The qualification is completed online using a learning platform containing all the learning and assessment materials. A tutor will review your work and provide feedback and guidance as required to support your successful completion of this qualification. There are 3 units to achieve - unit 1: Allergens, allergies and intolerances, unit 2: Food labelling and packaging and unit 3: Allergy awareness for those working with children.

### Entry Requirements

You need to be over 19, and not currently studying any other government-funded course. There are some funding eligibility requirements - we can't provide funding in some areas of England and you must be a British Citizen or have settled status, you must also be living in England. On application we will check your eligibility and will signpost you to alternatives should be unable to fund you on this occasion.

### How you will be assessed

There are no exams or observations, simply answer the questions by putting your research in your own words. At level 2, you must follow key terms within each question, such as describe, identify and explain. Once you have submitted your answers your work will be marked and feedback provided, sometimes you may be asked to revisit some of your answers, this is nothing to worry about and quite common.

### Course Progression

You might use this qualification to help you secure a new role or promotion at work. It might spark a desire to learn more, if so we have numerous level 2 and 3 qualifications that would compliment this course, such as our level 2 Certificate in Health and Nutrition. You could book an appointment with our National Careers Service Team to find out more.

### What Happens Next

Apply online via the College website. You will be contacted to come into College if required, or you will be sent a conditional offer according to the entry requirements for the course. You will then be invited to enrol for your chosen course of study.
